清潔香港
HONG KONG
CLEANUP

Trash ranks as one of the most serious pollution problems choking our planet. Far more than an eyesore, a rising tide of litter threatens human health, wildlife, communities and economies around the world. Our planet faces many challenges, but trash should not be one of them. Ocean trash is entirely preventable, and the data you collect is part of the solution. The Hong Kong Cleanup is part of the world's largest environmental volunteer effort.
